GENERA OF SHELLS, WITH A CATALOGUE OF SPECIES

Read Books, United Kingdom, 2008. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.ONE of my earliest recollections of my introduction to the good city of Peterborough, Ontario, in 1878, is that of a brief conversation with the wife of the then superannuated Methodist minister, Rev. John Sanderson, the subject of this book. I shall never forget the graphic account which Mrs. Sanderson gave of her early experiences of the itinerancy-the little log parsonage, set in the midst of a tiny clearing in the woods, walled in on every side with the dark, stately, primeval forest her loneliness during the long absences of her husband on his extensive itineraries her horror of the wolfs long howl through the dreary night. I count it a great pleasure to have known Mr. and Mrs. Sanderson and their family and now to be allowed to write a few words of introduction to this delightful volume. Rev. John Sanderson was a typical Methodist minister of the old school, a man of excellent ability, a genial Irish temperament which made him at home everywhere, an unsullied record, a thoroughly useful career. He and his good English wife are to be reckoned among the men and women who have made Methodism, who have made Canada. Their daughter has most lovingly and charmingly depicted their life and character. The style is fresh, naive, vivacious the book abounds in graphic descriptions of places, persons and events there are many touches both of humor and of pathos there are frequent glimpses into the details of the daily life not only of the parsonage, but also of the general community of fifty years ago which make that period and that phase of our history live over again to the reader....
